Education

New York University Abu Dhabi, Abu Dhabi, UAE

May 2026

Bachelors of Science, Computer Science

Cumulative GPA: 3.58/4.00

Experience

New York University Abu Dhabi

June 2025 - August 2025

Research Assistant

- ❖ Refactored and maintained Flask-based web development repositories containing course materials
- ❖ Developed tutorials and documentation for software engineering exercises corresponding to syllabus
- ❖ Implemented prototype solutions for a semester-long course project in Python

Shady Grove Group LLC

Summers 2021, 2022

Intern Team Leader

- ❖ Led a small team to automate various tasks including Python web scraping and cleaning data
- ❖ Earned the SAFe 5 Certified Scrum Master certification in order to serve the team more effectively
- ❖ Mentored interns in Python fundamentals and Agile/Scrum workflows

Projects

MigMate ([Repo](#)):

- ❖ Built a VS Code extension integrating LLM-based Python library migration with interactive diff previews
- ❖ Designed workflows for safe migration preview and validation across multi-file Python projects
- ❖ Authored a paper accepted to the International Workshop on Integrated Development Environments '26

MigrationChecker ([Repo](#)):

- ❖ Developed a rule-based static analysis tool to detect high-confidence issues in migrated Python projects
- ❖ Built on LibCST to support precise source-level analysis and automated validation workflows

RetailSystem ([Repo](#)):

- ❖ Designed a Dockerized full-stack retail platform built on Flask, PostgreSQL, and React
- ❖ Implemented transaction workflows, role-based access control, and observability tooling

Skills

Languages: Python, JavaScript/TypeScript, C, C++, SQL

Frameworks/Tools: Docker, Git, GitHub Actions, PostgreSQL, MongoDB, Flask, Express, React

Certifications: AWS Certified Cloud Practitioner, CompTIA A+/Network+/Security+

Publications

M. Kebede, M. Mahmoud, M. Islam, and S. Nadi. "MigMate: A VS Code Extension for LLM-based Library Migration of Python Projects." In *International Workshop on Integrated Development Environments*, 2026.
